Hashim Loves Mangoes!

Hashim loves mangoes. It is summer, and there are yummy mangoes everywhere!

But oh no! The summer heat is making the mangoes rot.
Hashim wants to save them.

Baba says, “Germs need water to live. If we take the water out, the mangoes will be safe.”

NotebookLM

Color Reference Stamp

How do we remove water? By adding salt!
They cut the mangoes and mix them with plenty of salt.

NotebookLM

Next, they put the mango slices on the roof.
The hot summer sun dries them out.

NotebookLM

Color Reference Stamp

They put the dried mangoes in a jar and add oil.
The oil keeps the germs away.

NotebookLM

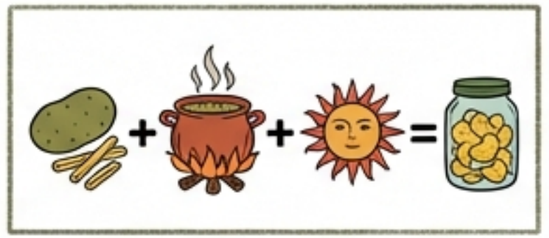
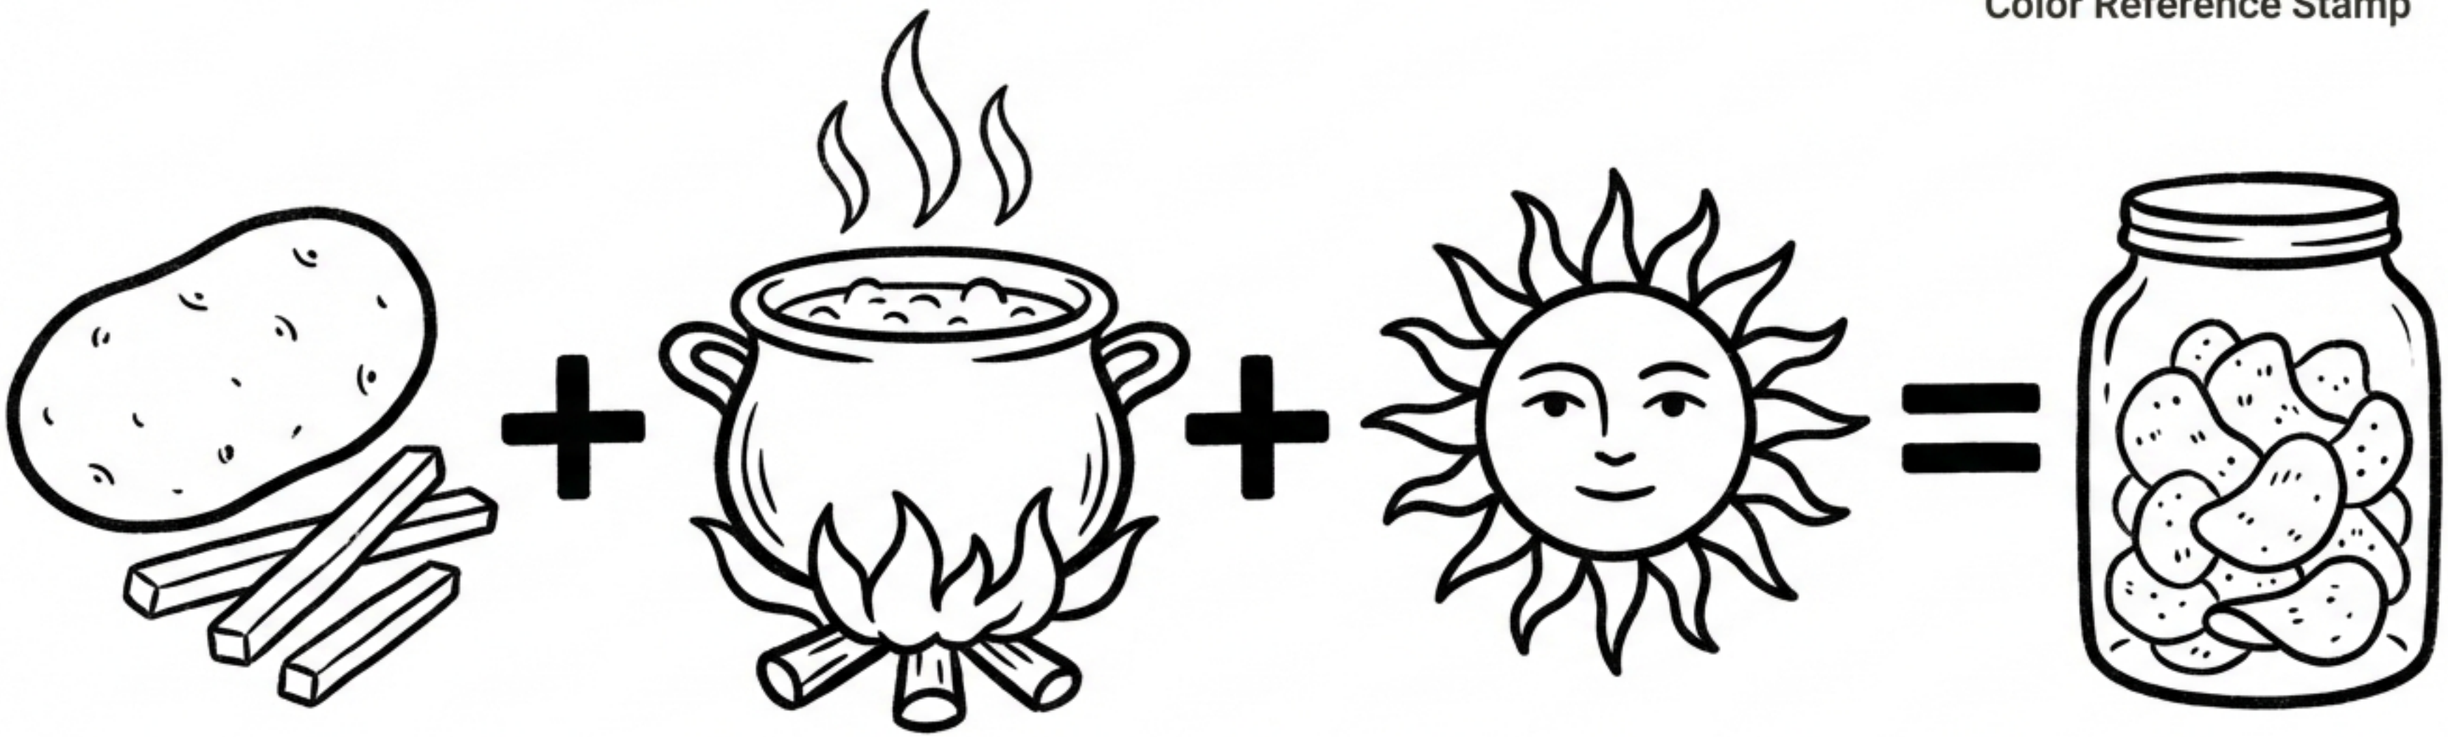
Look, Baba! We saved the mangoes. We made Achaar (Pickle)!

NotebookLM

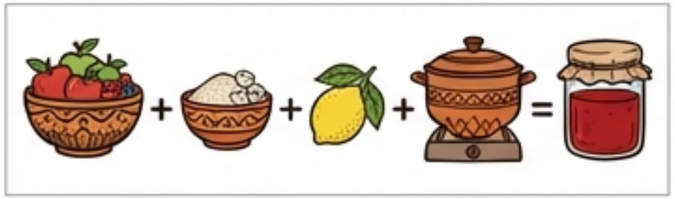


Color Reference Stamp

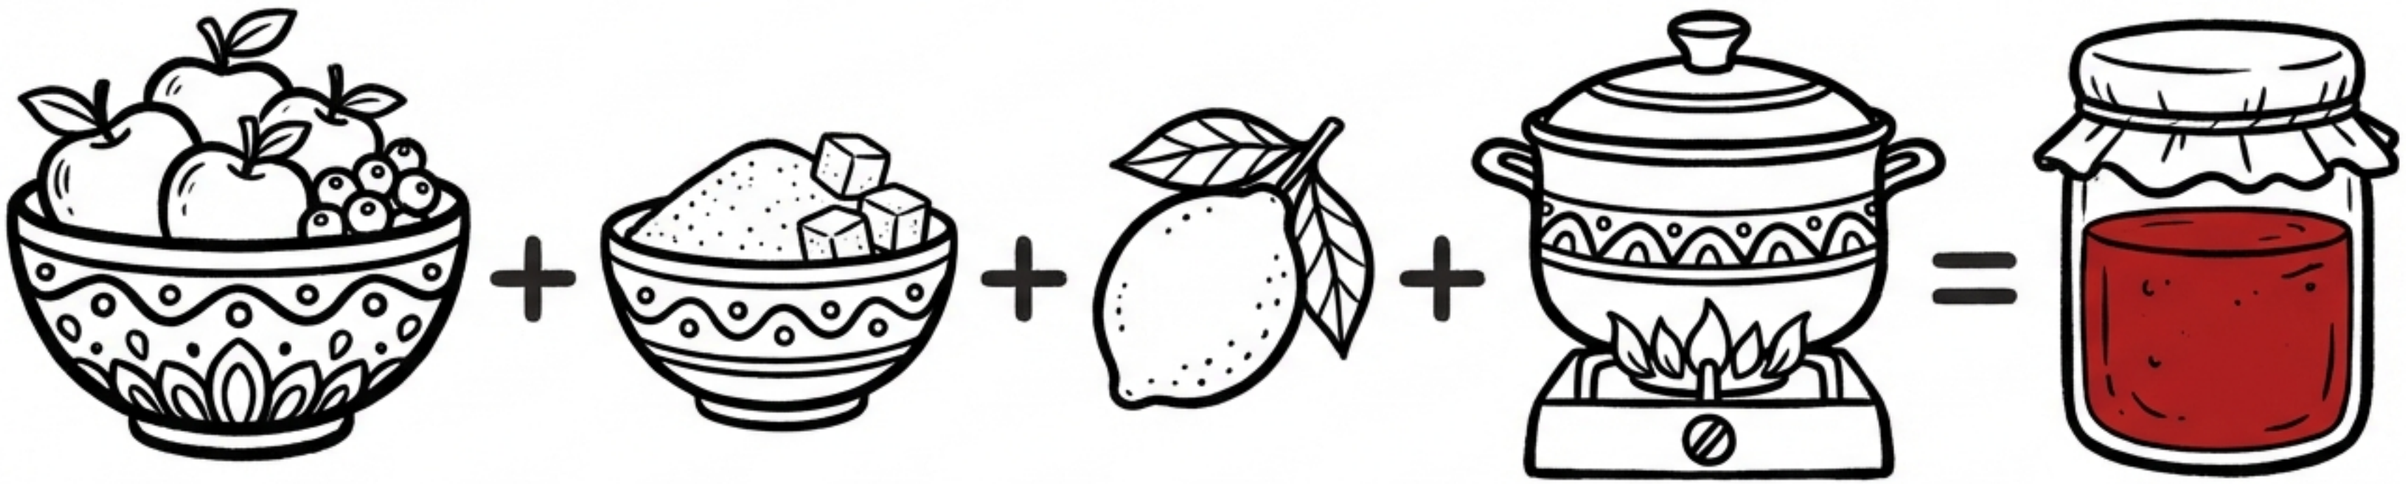


We can save other foods too! Color the recipe for Potato Chips: Potato + Boiling + Sun = Chips.

NotebookLM

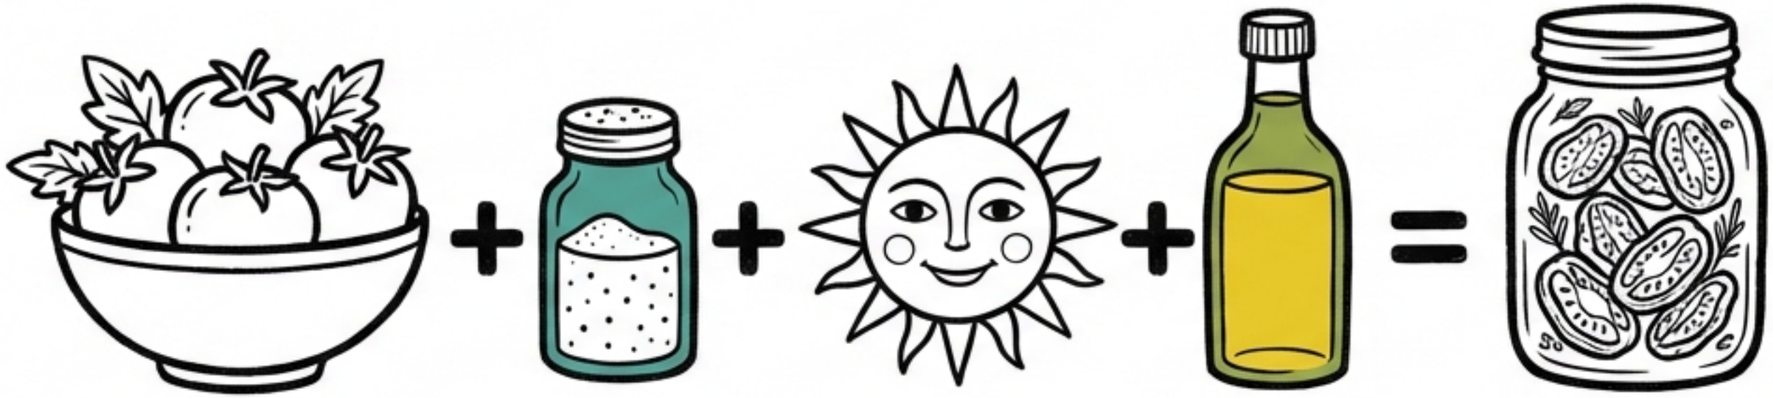


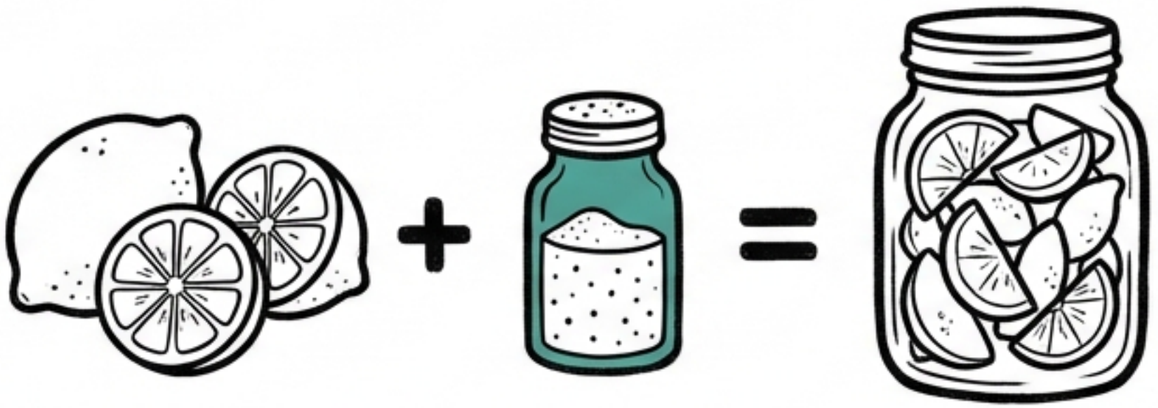
Color Reference Stamp

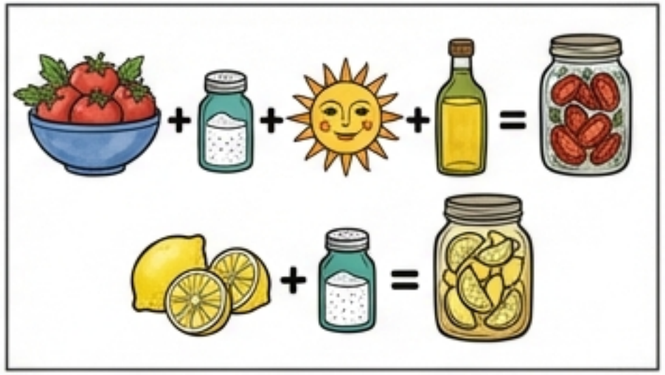


Apples + Sugar + Lemon + Cooking = Jam.
Color the sweet jam!

NotebookLM







Color Reference Stamp

Sun-dried tomatoes and Lemon pickle.

The sun helps us save so much food!
